COMMENTS

- \* Good Start - students were quiet-entry was quiet. Some students were late but settled in quickly.
- \* Very good thinking questions.
- \* Hands on question / activity was excellent. Majority of the students participated except 2 at the back.
- \* Problems  
Pens down, before you explain (Sometimes)  
(2nd Example)  
not  $2\pi \cdot 6 \cdot 20$   
but  $2 \times \pi \times 6 \times 20$  for these  
(5.2 - Students)
- \* Naplan Practice
- \* Good round up the lesson
- \* May be dismiss them
